

# Welcome to the Shamrock Curling Club!

## Use-of-Ice Etiquette

- Only **clean-soled indoor shoes** / curling shoes are permitted on the ice
- Alcohol is only permitted in the upstairs Lounge area (AGLC regulation)
- Please do not place hands on the ice or kneel on the ice or sit on the ice. Any heat placed on the ice will create imperfections and will damage the ice.
- Please do not deliver rocks at unmanageable speeds. This is both a safety and ice equipment concern.
- For “take-out” weights, please ensure that someone is at the other end of the ice to stop the rock from hitting the hack or back-wall.
- Never lift rocks off of the ice surface
- After play, please return rocks, sliders, and rental brooms to their starting location

**Play safe and have fun!**
