

# Doubles Curling Rules Reminder Sheet

Each team will deliver 5 stones. Player One will deliver stones 1 and 5, while Player 2 will deliver stones 2, 3, 4. Rotation of delivery can alternate between ends.

The non-delivering Player can either start by "holding the broom" or by sweeping.

Both Players are permitted to sweep their team's stone after delivery, as usual.

Two stones are pre-positioned at the start of each end as follows:

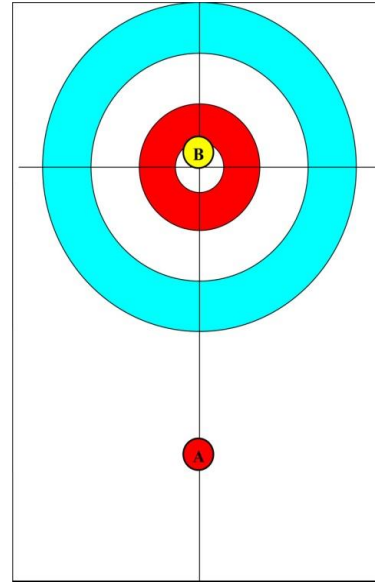

A = Centre Line mid Guard Zone

B = Centre Line Back Button touching Tee Line

The team *with hammer* will position their rock in position "B" (as per diagram)

The team *without hammer* will position their rock in position "A" (as per diagram)

Pre-positioned rocks count in scoring.

**Modified Free Guard Zone Rule:** No stone in play, including the "positioned" stones and those in the House, can be moved to an out-of-play position prior to the *delivery of the fourth stone* of an end (the fourth delivered stone is the first stone that can remove any stone from play). If there is a violation, the delivered stone shall be removed from play, and any displaced stone(s) shall be replaced to their original position by the non-offending team.
